Harborlight Official Academic Course Catalog 2026-2027

Accredited Polytechnic Bulletin - MSCHE, USCG & IAMU Approved

Harborlight Maritime & Logistics College - Baltimore, Maryland

SECTION 1: INSTITUTIONAL PURPOSE & MARITIME ACCREDITATION

Harborlight Maritime & Logistics College operates under institutional accreditation from the Middle States Commission on Higher Education and training approvals from the US Coast Guard National Maritime Center. Located at 2600 Broening Highway adjacent to Seagirt Marine Terminal, the college prepares navigation officers, terminal automation superintendents, intermodal dispatchers, and maritime cybersecurity engineers.

SECTION 2: DEGREE PROGRAMS & STCW CREDENTIALING

Harborlight confers the Associate of Applied Science [AAS] in Marine Terminal Operations [64 credits], Bachelor of Science [BS] in International Supply Chain Management [120 credits], Bachelor of Science [BS] in Maritime Cybersecurity [120 credits], and Master of Science [MS] in Global Maritime Trade [36 credits]. All maritime curricula strictly integrate IMO STCW-95/2010 standards.

SECTION 3: WATERFRONT SAFETY & CLINICAL APPRENTICESHIP MANDATES

All students accessing the deep-water pier and terminal automation labs must possess a valid Transportation Worker Identification Credential [TWIC] and pass pre-enrollment DOT 5-panel drug screenings. Mandatory industrial PPE is required in all operational terminal areas.
